HANDMADE PRODUCTS

Our products are unique and tactile, all are made by hand and no two items will be exactly the same. Small imperfections and irregularities in shape, size, colour and texture are part of the charm of our handmade products.

FABRIC

Base fabric:

Most of our base fabrics are natural linen, cotton or wool resulting in a variation in colour from batch to batch. This may result in natural characteristics such as slubs and other irregularities in the yarns, which are not weaving faults.

Colour matching:

Whilst we make every effort to ensure that colours correspond to our samples, slight variances may occur. Natural fibres are harvested at different seasons which could result in variations.

Colour Fastness:

Our fabrics are not guaranteed against colour fading. With all natural or delicate fabrics, direct sunlight is not recommended.

Cleaning:

Our scatter cushion covers and table linen can be machine washed on a gentle cycle at 40°C. Hand embroidered products should be ironed on the wrong side to maintain their tactile appearance.

SAMPLING

Samples will be charged for.

ORDER

Ordering procedure:

All orders are dealt with on an individual basis. Orders are confirmed on receipt of a 50% deposit of the proforma invoice. The balance of the purchase price is payable on completion of products and presentation of the final invoice.

All items are subject to availability. We will inform you as soon as possible if the goods you have ordered are not available.

Cancelling an order:

Whilst every effort will be made to accept cancellation of an order this is only accepted if the cancellation is made prior to any cutting, embroidery, beading or printing of fabric. If production has begun then a 50% deposit will be kept.

All cancellations should be made in writing.

PRICE & QUANTITY
